

# “ HAVE YOUR SAY”

# VARNA PARK IMPROVEMENTS

Waverley Council are planning to make improvements to Varna Park! Council has received \$280,000 in funding from the NSW Government through the Stronger Communities Fund to improve Varna Park.

Council will use part of this funding to make the necessary improvements across the park to bring it into-line with the latest Australian Standards for safety and ensure it is fit for purpose. Improvement works are illustrated on the map and include, tree management, playground refurbishment, a new drinking fountain, a new picnic shelter and more!

After accounting for the above listed works approximately \$180,000 of remaining funds will be allocated to further enhance the use and enjoyment of the park. We know the park is much-loved by the community and we would like your ideas on how the remaining funding should be allocated.

## Let us know your ideas!

Let us know your ideas for the park and vote on your favourite ideas on our website [haveyoursay.waverley.nsw.gov.com.au](https://haveyoursay.waverley.nsw.gov.com.au) until **8 November 2019**.
