Community Services and Cultural Grants Program

**Revised Program Guidelines
November 2019**

These guidelines accompany Council's Community Grants Policy.

Goals

The Community Services and Cultural Grants Program aims to provide targeted, sustained support to organisations providing identified social, cultural and recreational benefits to Waverley's community that align with Waverley's Community Strategic Plan, and complement the services provided directly by Council. The plan drives the delivery of projects and programs to address identified needs and aspirations in the community. Its strategies are underpinned by the social justice principles of equity, access, rights, and participation for everyone in the community.

The vision expressed in Waverley's Community Strategic Plan is that of a cohesive, caring and compassionate community that values diversity and creativity, and has capacity to support its members. Community prosperity can only be achieved when there is strong social support so nobody is left behind. Waverley Council is committed to strengthening the health and wellbeing of all its community members and fostering social connectedness.

The goals in the Waverley Community Strategic Plan 2018-2029 include:

- Facilitate opportunities that recognise Waverley's unique place in the Australian contemporary cultural landscape
- Preserve and interpret the unique cultural heritage of Waverley
- Create a resilient, caring and cohesive community
- Nurture a safe, healthy and well-connected community that embraces challenges and has the resilience to adapt to change
- Strengthen people's inclusion in community life, promote diversity and celebrate Aboriginal and Torres Strait Islander culture past, present and future
- Improve health and quality of life through a range of recreational opportunities.
