

Please let us know what you think

What would you like to see?

East Palmerston Avenue, Retaining Wall

Drop by our stall for a chat on
Sunday 8 December 3-5 pm. We will
be in the shade in the cul-de-sac at
East Palmerston Ave, Bronte.

Council has asked officers to investigate community support for treatment of the retaining wall at East Palmerston Avenue to deter graffiti.

Ideas for treatment so far include: cleaning the wall, painting a mural on the wall, planting a garden along the wall, or a mix of treatments.

We are consulting with Bronte Public School, the Bronte Precinct Committee, and local residents. Underground cables and limited budget create some constraints, but there are lots of possibilities.

Please let us know what you think by:

- completing the survey overleaf and dropping it off at our information stall on **Sunday 8 December, 3-5pm**
- online at <http://haveyoursaywaverley.com.au>
- or phone in your comments to Leisa Simmons, Special Projects Coordinator, Waverley Council on **9386 7912**.

Survey

Please place a tick in the box next to any treatment you would be happy to see implemented to deter graffiti and improve the look of the school retaining wall (you can select more than one option).

- ☐ No action
- ☐ Clean the wall
- ☐ Paint a mural on the wall
- ☐ Plant native grasses along the wall
- ☐ Use a mix of treatments
