

4.2 Section 170 buildings

The *Heritage Act 1977* requires government agencies to keep a register of heritage items under their care. This is called a Heritage and Conservation Register or more commonly, a Section 170 Register. Agencies that hold such registers are required to conserve and manage these items. The following items within the Waverley LGA are listed on the Section 190 Register but are yet to be included on Waverley's Schedule 5 and so have been included in this heritage assessment are now recommended for listing on the LEP. The rationale for the proposed inclusion on Schedule 5 is that they have been identified as being of local significance and therefore should be accommodated in the heritage list.
