Waverley Community Living Program	94

## **PRICING POLICY**

### **Objective**

The Objective of the Pricing Policy is to:

- To provide a decision-making framework to determine fees and charges;
- To provide cost recovery opportunities while meeting Council's community service obligations;
- To meet Council's statutory requirements under the Local Government Act 1993 and other relevant legislation in relation to setting fees and charges;
- To assist Council staff, when reviewing existing fees and charges and/or considering new fees and charges.

### **Background**

In accordance with section 608 of the Local Government Act 1993 and other relevant legislations, Council charges and recovers approved fees and charges for any services it provides as contained within Council's annual fees and charges document.

This Policy summaries the principles to be used when setting fees and charges. It needs to be read in conjunction with Council's annual fees and charges document and any guidelines developed by Council to support the calculation of fees and charges.

### **Principles**

Council will comply with the following principles for fees and charges:

- Equitable access to facilities and services
- Deliver value for money to community
- Manage assets with a high degree of accountability
- Fair imposition of fees and charges

### **Pricing Methodology**

Fees and charges will be classified according to the pricing structures as outlined below. Full cost recovery will apply to all of Council's fees and charges, except in the circumstances outlined in the alternative pricing structures.

### **Pricing Category Definition**

- |             |   |
|-------------|---|
| Category A: | No price is charged for this product/service. All costs associated with providing this product/service are met from general income.   |
| Category B: | The price charged for this product/service makes a partial contribution towards the total cost of providing the service, rather than the full cost recovery, recognising the community benefit it provides. |
| Category C: | The price charged for this product/service is based on full cost recovery   |
| Category D: | The price charged for this product/service generates cost recovery and an appropriate return  |
| Category E: | The price charged for this product/service is set by reference to market prices   |
| Category F: | The price charged for this product/service is set by regulation or other legal agreement  |
| Category G: | The charge is a refundable deposit against possible damage to infrastructure, footpaths, kerb, gutters and roadways, buildings, parks and reserves caused by adjacent development or use of facilities      |

## **Waiving, Discounting or Reducing Fees**

Section 610E of the Local Government Act 1993 allows Council to waive payment of, or reduce a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee.

Council has determined the following categories:-

**Hardship** – in cases where a fee for this category is not already identified and where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant given their particular circumstances. In determining eligibility on the basis of significant hardship, Council may require the applicant to provide reasonable proof of financial hardship which may include details of assets, income and living expenses, and such other information required to make a valid assessment

**Charity** – in cases where a fee for this category is not already identified and where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services to the Waverley community.

**Not for Profit** – in cases where a fee for this category is not already identified and where the following conditions apply.

1. The applicant is an organisation that holds “not for profit” status; and
2. The fee is for a service the objectives of which are consistent with Council’s Community Strategic Plan and the betterment of the Waverley community; and
3. The payment of a standard fee or charge would cause financial hardship for the applicant.

**Commercial** – where Council, or its contractor, operates a services and reduction of the fee is required to compete in the market.

**Non-provision of Service** – where Council is unable to provide a service or a venue that has been previously agreed upon and an appropriate discount, fee waiver or substitution is required as compensation.

## **Application and assessment**

For the waiving or reduction of fees, applicants must apply to Council in writing (using Council’s standard form). Council will directly, or through Officers with delegated authority, assess and make determinations on requests for the waiver or reduction of fees in accordance with the following principles:

- Compliance with relevant legislation
- Fairness, consistency and equity
- Transparency

## **Terms and Explanations:**

**Partial Contribution:** Council will recover less than the full cost. If the benefit of a service is a shared benefit for the community as well as individual users then partial contribution could be applied. This pricing could also be applied if full cost recovery results in widespread service avoidance. This approach is used to stimulate demand for a service.

**Full Cost Recovery:** Council will recover all direct and indirect costs of the service (including on-costs, overheads and depreciation of assets employed).

**Market Prices:** The price of the service is determined by examining alternative prices of surrounding service providers (this also may or may not recover the full cost of the service). This pricing structure should apply in cases where the service is in competition with that provided by another council, agency or commercial provider and there is consequent pressure to set a price that will attract adequate usage of the service.

**Prices set by Regulation or Legal agreement:** The price of this service is determined by legislation and dependent on that price, Council may or may not recover its full costs, but has no discretion to do so.

**Refundable Deposits:** In accordance with Section 68 of the Local Government Act 1993 security damage deposits may be requested for the payment of making good any damage caused to Council property and/or completing any works required in connection with the approval.

### **Goods and Service Tax (GST)**

GST is a broad-based tax of 10 per cent on the supply of most goods and services consumed in Australia. The impact of GST on fees and charges is shown in a separate column. If there is any change to the GST status of any of Council's Goods and Services throughout the year following Australian Taxation Office rulings or any other legislative change, the new GST will be applied immediately to the relevant fees and charges.

### **Sustainability Implications**

**Social Implications:** The Policy allows Council to exercise its community service obligations and to ensure equitable access to and consistent pricing of Council's services

**Economic and Financial Implications:** The Policy optimises returns to Council on the use of its assets and resources. At the same time, it recognises the principles associated with users' ability to pay, competition and market conditions

**Environmental Implications:** There are no environmental implications associated with this Policy

### **Relevant legislative provisions**

- 1) Local Government Act, 1993;
- 2) Division of Local Government Competitive Neutrality Guidelines;
- 3) (Federal) A New Tax System (Goods and Services Tax) Act 1999 and regulations.

### **4) Next Review Date: February 2019**

<b>Use and Hire of Council Property</b>								
<b>Definition of categories</b>								
Standard rate – applies to all hirers who are not either a registered Not for Profit, or a “non-profit” community group as defined below. This includes commercial operators. (This rate does not apply to children’s parties or functions)								

<b>Category</b>	<b>Unit</b>	<b>2017/18 Fee or Charge \$</b>	<b>GST</b>	<b>Pricing Policy</b>	<b>Unit</b>	<b>2018/19 Fee or Charge \$</b>	<b>GST</b>	<b>Pricing Policy</b>
Community / Not for Profit – applies to groups that are either registered as a Not for Profit organisation or that are “non-profit” i.e. apply only a very small fee to help cover costs. (This rate does not apply to children’s parties). Community / Not for Profit rates are set at levels to support such groups utilising Waverley Council venues								
Groups providing critical support services receive a further 50% subsidy off the NFP rate (proof and/or affiliation must be provided)								
Children's Party and Function rates apply for some venues. Hire for these types of events are available at specific venues between specified times								
<b>Explanatory notes</b>								
A three tiered banding structure is used to standardise the hire fees for rooms of a similar size that offer a similar level of amenity across all Council venues. The bands are community halls/large rooms, standard rooms and small meeting rooms								
All bookings are subject to availability and terms and conditions of hire								
Hire fees are for indoor venues only, use of parks and reserves must be hired separately (see Use and Hire of Public Open Spaces)								

Category	Unit	2017/18 Fee or Charge \$	GST	Pricing Policy	Unit	2018/19 Fee or Charge \$	GST	Pricing Policy
Corporate hires are priced on application for all Waverley Council indoor venues								
Security bonds apply to all hires. Bonds are set between \$20-\$5000 depending on the scale and the nature of the hire.								
Bonds are fully refundable provided the Terms and Conditions of Hire are met in full								
Access to Waverley Council venues is allocated in accordance with prioritised use criteria, as set out in Council's Community Strategic Plan 'Waverley Together 3'

Use and Hire of Playing Fields and Outdoor Sports Courts								
PLAYING FIELDS								
Playing Fields are booked at the following rates for sport activity by community groups, sports clubs, and schools								
Definition of categories								
Standard rate – applies to all hirers who are not either a registered Not for Profit, or a “non-profit” community group as defined below. This includes commercial operators								
Community / Not for Profit – applies to groups that are either registered as a Not for Profit organisation or that are “non- profit”. Community / Not for Profit rates are set at levels to support such groups utilising Waverley Council facilities
